A polo match on the sunny Christmas afternoon was organised by Neptune Foundation, a NGO committed to the cause of the girl child and the aged. The highlight of the event was the band of Indian Navy — famously known for its martial music. The match began after the drive of luxurious vintage cars which caught everyone's attention. There was a 1947 Bluek owned by KTS Tulsj and was followed by 1937 Mercedes Benz to Jacquor, 1968 Ford Capri and 1954 Austin Princess owned by Deepak Marwah. What was noteworthy was that most cars had West Bengal's number plate.

There were special donor cards followed by a lucky draw. The match was played between Cotton Harbors and Gladiators, each with

four players and two umpires. The significant part was the presence of female polo players in each team. The players included Devyani Rao, Monica Saxena, Amir Singh

Pasrich, Dipankar Sharma etc.

Through the event, the foundation aimed at raising funds for the girl child. The match was played at Jaipur Polo Grounds.
